

Greater Manchester Waste DPD

Note 1

I am looking at the broader policy context for the DPD and would be grateful for some assistance.

The DPD will become part of the development plan for the 10 constituent authorities. How does the DPD relate to the existing development plans for Greater Manchester. I assume there could be UDPs with saved policies and/or Core Strategies. What are the waste policies in those parts of the development plan? Would it be possible to have a set of relevant extracts put together into one document?

The second question which follows is which development plan policies in the various authority areas would be superseded by the Waste DPD? The DPD should contain a list of superseded policies in accordance with Regulation 13 (5). Accordingly, the Councils should prepare a list and submit it as a Proposed Minor Change.

Andy Mead
