**Subject: THE GREATER MANCHESTER WASTE PLAN DEVELOPMENT PLAN DOCUMENT:
EXAMINATION HEARINGS**

Dear

Further to the Pre Hearing Meeting on the 21st of April 2011, please find enclosed the Inspectors notes from the meeting plus some Examination Guidance Notes. A revised list of the Inspectors Matters and Issues for Examination and a copy the draft Examination Programme are also enclosed.

The right to be heard at a public hearing applies to all those who made representations that the document should be changed before it can be found to be sound and have said that they would like to appear and be heard. The Inspector would urge those representors who have made such representations of 'unsoundness' (ie those who object in any way to some aspect of the submitted version of the document) to carefully check the Matters and Issues Schedule to ensure that their concerns about soundness can be encompassed within this framework for debate. If there appears to be no topic covering such concerns it would assist if you could let me know as soon as possible so that the Inspector can consider making amendments to the schedule well before the hearings.

Please note the deadlines in the notes for further statements and statements of common ground.

If you have any queries please do not hesitate to contact me. If I am not in the office, please leave a message or send me an email and I will get back to you as soon as possible.

Yours sincerely

Natalie Blackston
Programme Officer.
