

**GREATER MANCHESTER JOINT
WASTE DEVELOPMENT PLAN
DOCUMENT**

**Proposed Minor Changes for
Submission**

February 2011

1. Introduction

1.1 This document has been produced to support the submission version of the Greater Manchester Joint Waste Development Plan Document (the Waste Plan). This document details the suggested changes to be made to the policies and supporting text of Waste Plan.

1.2 These changes are being suggested to update the Publication version of the Waste Plan to reflect the results of public consultation, factual amendments and errata.

2. Proposed changes

2.1 The following table lists all the minor changes to the main body of the Publication version of the Waste Plan.

PMC/AGMA/122	Chapter 5 Waste Plan: Publication DPD Monitoring and Implementation	Minor amendment submitted by Natural England to ensure Policy 10 Monitoring table is in line with Appropriate Assessment recommendations.	Add new line to table Policy 10: Unallocated Sites: Target - HRA Screening is applied to applications for waste management facilities on unallocated sites and site based mitigation is implemented where appropriate. Variance - Less than 100% of appropriate applications apply HRA Screening. What happens beyond variance - Pathways of effects to European sites must be avoided. Action. Planning applications without an HRA Screening report would be refused for inadequate evidence.
